*We accept Visa, MasterCard, Discover, American Express, and checks. Please indicate if you have recently purchased ReportMaker Pro report processing software by Stephen Advanced Technology, Inc. (note: this is not the same as Stephen's InspectionPro software). If we have a record of your recent ReportMaker Pro purchase, you will be charged only for the training/certification program and your cost will reflect a discount for having purchased both. Remember, in order to perform inspections for the proposed national class action settlement involving Dryvit, you must complete the training and certification program **and** purchase ReportMaker Pro. In addition, your company cannot be certified for both inspection and repair of settlement homes. If you are a repair contractor, please visit our web site for information about contractor certification.*

Payment type: _____
